

ERS Data System Compatible Tablets

The ERS Data System includes an integrated note taking feature. This feature requires the use of a Wacom or N-Trig enabled digitizer pen with the tablet. The table below includes a list of compatible tablets – you can click on the model name to go to the manufacturer’s website:

Manufacturer	Model	Screen Size	Weight in lbs.	Type	Price*	Notes
Microsoft	Surface 3	10.8”	1.37	Slate	\$600	Pen must be purchased separately. We also suggest purchasing the keyboard cover with this tablet.
Microsoft	Surface Pro 3	12.0”	1.76	Slate	\$800	We suggest purchasing the keyboard cover with this tablet.
Microsoft	Surface Pro 4	12.3”	1.73	Slate	\$1000	Be sure to select model with pen included. We suggest purchasing the keyboard cover with this tablet.
Microsoft	Surface Book	13.5”	3.48	Slate/ Convertible	\$1300	Multiple RAM and Hard Drive configurations. Can be a desktop PC replacement. Tablet can be used as a true slate, or placed in dock and used as a convertible tablet.
Toshiba	Protégé Z20t Detachable Ultrabook	12.5”	1.60/3.30	Slate/ Convertible	\$1400+	Available in 3 different models (RAM and Hard Drive space varies.) Can be a desktop PC replacement. Tablet can be used as a true slate, or placed in dock and used as a convertible tablet. Dock can be used for additional battery life.
HP	Elite x2 1012 G1 Tablet	12.0”	1.80/2.65	Slate	\$1100	Includes pen and travel keyboard.
HP	HP Spectre x360 13-ac075nr	13.3”	2.89	Convertible	\$1200	Includes pen and keyboard. We do not recommend the 15.6” model because of the weight (4.46 lbs is heavy for field use).

New tablets come out frequently; they are always changing and evolving so it is not feasible to have a definitive list of all possible tablets compatible with the ERS Data System. We update this list frequently. If there is a tablet you are interested in that is not on this list, please send the information to erssupport@ersdata.com and we will let you know if it is compatible.
